

Nohe!

Hi,

I am Nohe UX Designer

Profile

About Me

I am a UX UI designer and I really enjoy designing for web and mobile. I always start my sketches with pencil and paper. As a hobby I write for a digital magazine and take photos almost every day. Ah! I love to put on the client's shoes!

I believe that communication and teamwork is the most important thing in any project.

Empathy Phase

The first stage of the Design Thinking process is to gain an empathic understanding of the problem you are trying to solve.
